Introduction

This document introduces the nonacademic standards, skills, and performance requirements expected of every student in the Surgical Technology program. It is essential for all students entering the program to understand that these requirements are necessary for the satisfactory completion of all aspects of the curriculum and development of professional attributes for graduation. Reading these standards carefully along with a realistic assessment of your own personality interests, abilities, strengths, and weaknesses will ensure that you choose a program and career path that is a good fit for you.
